AYUSH PAL

Full-Stack Developer | MERN Stack | AI/GenAI Enthusiast

+91 9235850110 • ayushpal2431982@gmail.com • Kanpur, UP • linkedin.com/in/ayushpaldevloper • github.com/ayushpal2431982-sys

PROFESSIONAL SUMMARY

Results-driven BCA student and Full-Stack Developer with hands-on experience designing, building, and deploying end-to-end web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js). Demonstrated ability to deliver production-ready features including JWT-based authentication, RESTful API design, LLM/AI integration, and responsive UI development. Holds industry-recognized certifications from Google Cloud, JPMorgan Chase, Tata, and Deloitte in Generative AI, Software Engineering, and Cybersecurity. Actively seeking a Full-Stack Developer role to contribute to a fast-paced engineering team.

TECHNICAL SKILLS

Languages	JavaScript (ES6+), Python, C, C++
Frontend	React.js, HTML5, CSS3, Responsive Design, UI/UX Principles
Backend	Node.js, Express.js, REST API Development, JWT Authentication
Databases	MongoDB, MySQL, DBMS, Database Design
AI / GenAI	Generative AI, Prompt Engineering, LLM Integration, AI-powered features
Data Science	Pandas, NumPy, Data Cleaning, EDA, NetworkX, Matplotlib
Tools & Concepts	Git, GitHub, VS Code, Postman, Data Structures & Algorithms, OOP

PROJECTS

AI Resume Builder | *Full-Stack Web Application*

Tech: React.js, Node.js, Express.js, MongoDB, REST APIs, LLM Integration

- Engineered an AI-powered full-stack web application that generates ATS-optimized resumes tailored to specific job descriptions, leveraging LLM integration for intelligent content suggestions.
- Built a PDF parsing pipeline to automatically extract, restructure, and reformat existing resume content, reducing manual user effort significantly.
- Implemented keyword relevance scoring and formatting consistency using AI/LLM-driven content enhancement, directly improving ATS pass rates for end users.

Real Estate Management System | *Full-Stack MERN Application*

Tech: React.js, Node.js, Express.js, MongoDB, JWT, REST APIs, Role-Based Access Control

- Architected and deployed a full-stack real estate platform supporting property listing, search, and end-to-end management for multiple user roles (buyers, sellers, admins).
- Implemented secure JWT-based authentication and role-based access control (RBAC), ensuring data integrity and protected API endpoints.
- Designed and developed 15+ RESTful APIs for CRUD operations on property data, integrating seamlessly with a MongoDB database.
- Built a fully responsive React.js frontend with dynamic search filters, image upload functionality, and detailed property views.

Social Network Analysis Tool | *Python Data Science Project*

Tech: Python, Pandas, NetworkX, Matplotlib

- Developed a Python analytics engine to study user interactions within large social network datasets using graph-based algorithms.
- Performed end-to-end data cleaning, preprocessing, and exploratory data analysis (EDA) to identify influential nodes and community clusters.

- Built friend and page recommendation systems using cosine similarity metrics and graph traversal algorithms.

EDUCATION

Bachelor of Computer Applications (BCA) — PSIT College of Higher Education, CSJMU, Kanpur
Expected Graduation: 2027 | CGPA: 7.28 / 10 (through 3rd Semester)

Senior Secondary (Class XII, CBSE) — Saraswati Vidya Mandir Inter College, Kanpur | 2024 | 67%

Secondary (Class X, CBSE) — Saraswati Vidya Mandir Inter College, Kanpur | 2023 | 60.23%

CERTIFICATIONS

- Introduction to Generative AI — Google Cloud (Apr 2026)
- Software Engineering Job Simulation — JPMorgan Chase & Co. (Apr 2026)
- GenAI-Powered Data Analytics Job Simulation — Tata (Apr 2026)
- Cybersecurity Job Simulation — Deloitte (Mar 2026)
- Python for Data Science — Infosys Springboard (Dec 2025)

CONFERENCES & WORKSHOPS

- ICONSDG 2025 — International Conference on "Building the Future Through Humanities and Technology: Sustainable Development Goals," PSIT College of Higher Education, Kanpur.

CORE COMPETENCIES

Problem Solving • Team Collaboration • Communication • Time Management • Quick Learner • Adaptability
